

MISSION STATEMENT

Kozy Kids is an outreach program through the Marion Elks Lodge #800. Our primary mission is to provide warmth and comfort to low-income children and/or families in our community. This includes, but is not limited to, coats, hats, gloves, and scarves. Kozy Kids also assists, on an as-needed basis, in providing other clothing items, toiletries, and in some cases food to people who have asked for our assistance.

Kozy Kids was developed as part of our efforts to bring warmth and comfort to children in need. Our support can bring value and confidence to these children, help keep them healthy, and in turn be able to attend school and have success in their education.

Recipients of our services are recommended by teachers, administrators, social workers, and/or agencies. Those listed above should contact Marion Elks #800.
